D. Jane is writing to an agony aunt. There are some mistakes. Correct the underlined mistakes and write the correct words in the spaces provided. (36 marks @ 2 marks) (Simple present & present continuous, Simple past & past continuous, Present perfect tense, The future forms, Wh-questions, question tags & rhetorical questions, Modals, Gerunds and to-infinitives and Connectives)

Dear Agony Aunt,

I **1** was getting promoted to S.2 in a few months. This should be something worth **2** to celebrate, but I have been under stress since I **3** have attended the English tutorial class Mum arranged for me a few weeks ago.

When I was in primary school, I studied hard only **4** for entering a reputable secondary school. I was happy that I **5** have made it. But now, after **6** have several lessons at that tutorial centre, I **7** am realising that there are always people who are better than me. Two weeks ago, while I **8** read *Harry Potter*, one of my classmates **9** were reciting Shakespeare's plays. This is mind-blowing, **10** is this? How **11** may an S.1 student enjoy Shakespeare's plays? Last week, when they were chatting after class, I heard that they **12** speaked exceptionally fluent English, which I **13** am able not to.

All these are discouraging and frustrating. **14** How far will it take me to catch up with them? Two years, four years **15** forever? I cannot help **16** to feel depressed **17** because I know it never helps. Do you mind **18** let me know what I **19** may do?

Thank you,
