1. With her apartment currently being renovated, Helen has taken the contractor's advice and stayed at an _____ hotel until the renovation is finished.
2. In 2020, many film fanatics were _____ that 'Parasite' had won the Academy Award for Best Picture, which marked the first time in history that a non-English language film was given such an honour in this category.
3. 'Headlines like this remind me of mankind's most destructive instinct—the instinct to gain victory even at the expense of life. I think of the atomic bomb dropped at Hiroshima, about 3 metres long yet destructive enough to reduce the entire city to _____, with the lives of more than 70,000 civilians taken away in a single day,' said the professor.
4. Local environmentalists now expect the city's smog issue to _____, considering that more power plants and factories will have been built by the third quarter of the year.
5. After getting a cut, scrape, burn or any other minor skin injuries, you must clean it properly, by rinsing it under running tap water and then wiping it gently with an alcohol-free cleansing wipe, before applying a plaster, in order to reduce the risk of _____.
6. Although vitamin C is known to benefit skin and promote wound healing, one should take care not to _____ more than the upper limit of daily intake (2000mg), or side effects such as nausea or diarrhoea might be induced.
7. The renowned Hollywood film producer, accused of several _____ of sexual assault, is found guilty by the court and will be spending the rest of his life in prison.
8. He tried to put up a smile and congratulate her on her decision to study abroad, as if the geographical boundary was just another obstacle to be conquered in their relationship. The truth was, his heart was broken, _____ into pieces not only by the longing of love, but also by the uncertainty for the future, a lamentation that the separation would make them estranged from each other.
9. Rumour has it that Area 51, a remote military base in the United States where unauthorised public access is _____, is a secret facility where extra-terrestrial beings like UFOs are stored.
10. 'If you manage to _____ your kindness and compassion towards everyone at different stages of your life, whether it be a breakthrough in your career, or an unexpected all-time low, you will go far in life,' said a career counsellor.
11. Although the idea of producing leather goods from _____ leather might be off-putting for some fashion designers, it is undeniably much more environmentally friendly than using genuine leather, which cannot be gained without brutal hunts.
