

# Territory-wide System Assessment (S.3)

## Mathematics Past Papers Analysis

### Forms Distribution

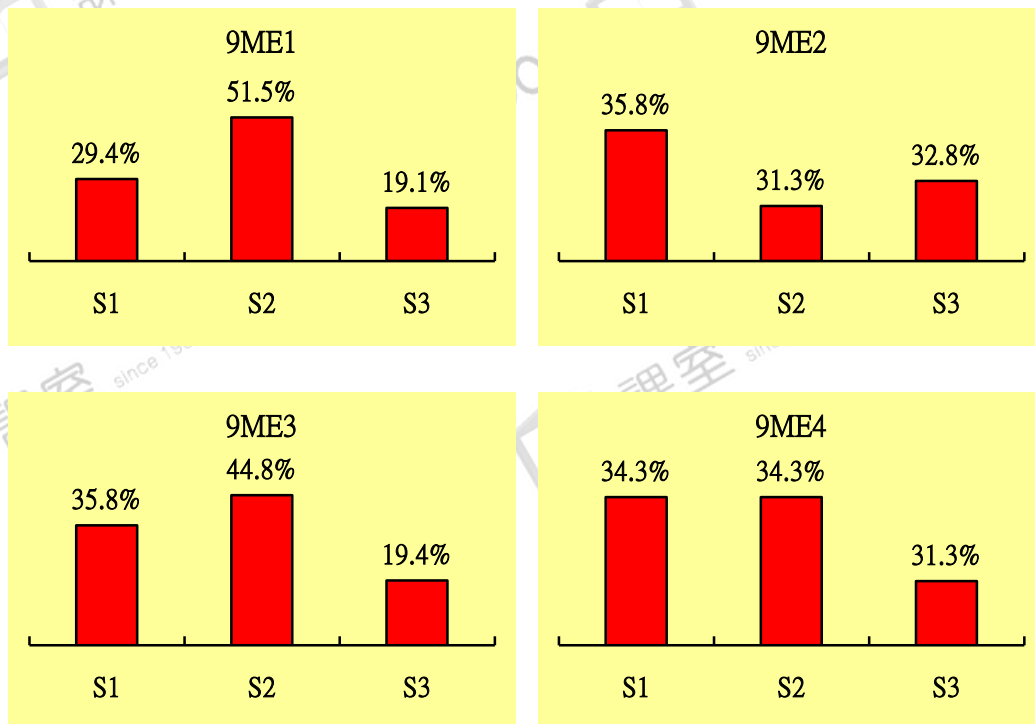

#### Scope of the Assessment

- According to the documents *Syllabuses for Secondary Schools – Mathematics (Secondary 1 – 5), 1999 and Mathematics Curriculum: Basic Competency at the end of Key Stage 3 (Trial Version)*
- Focus on basic and important areas of the S.1 to 3 curriculum
- Test on the concepts, knowledge, skills and applications in these areas
- Three dimensions are covered: Number and Algebra, Measures, Shape & Spaces and Data Handling

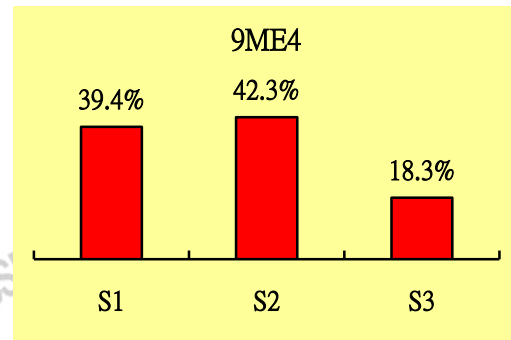

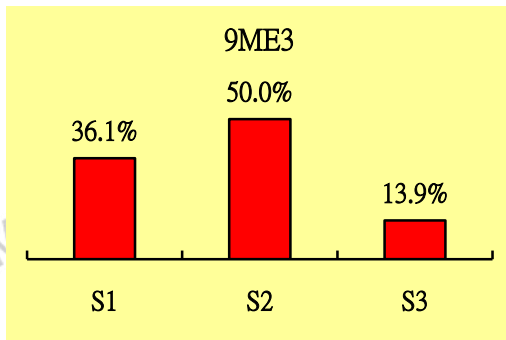

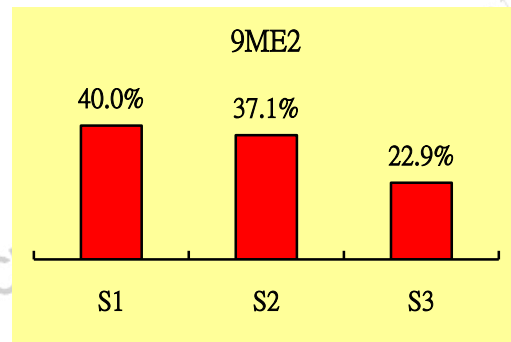

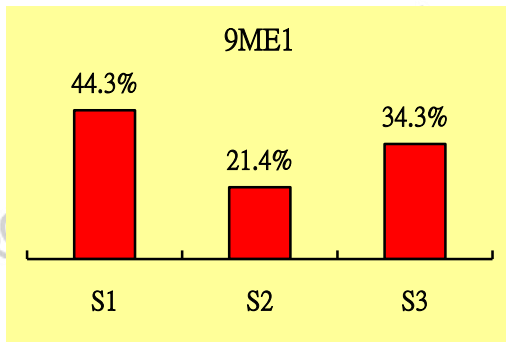

Based on the forms distributions of the past papers, the proportions of the contents in F.1 to F.3 are almost equally distributed. Students are suggested to review the contents in F.1 and F.2, in addition to the contents in F.3 for better preparation of the TSA.
