Unit 1

Jeff is expressing his view on discrimination on the grounds of appearance in a letter to the editor. Fill in the blanks with the phrases and sentences mentioned in P. 176-177 to complete the text.

Pin writing to discuss I noticed that some people discriminate against others because of how they look. I strongly disagree with their behaviour. Let me share my view on this. At the beginning of the semester, most of my classmates started to reach out to make new friends in class. However, some of them only befriended 'good-looking' individuals. This, to me, is a confusing phenomenon. To make things worse, some of them even made fun of others' appearance, which I think is unacceptable and should be discouraged. First and foremost , it is not fair to judge people only by their physical appearance. As the old saying 'You can't judge a book by its cover' goes, more often than not a person's ability and personality are more important than his or her appearance. If an employer hires people based only on their looks, he or she would miss out on many great candidates. It would also be totally unfair to those who study and work really hard for their future. What is also important is that attaching too much importance to one's appearance brings bad influences on teenagers. We teenagers are easily influenced by our peers. We tend to do a lot of things to avoid isolation from others. If our friends tend to value appearance over everything else, we may probably also spend a lot of time searching for fashionable clothes instead of focusing on our studies. Living such a materialistic and superficial life will only make many teenagers more depressed and fragile. All in all, discrimination against people because of their appearance should be discouraged. I hope the general public could be more aware of this issue. Thank you. Yours faithfully, Jeff Leung left Leung

Room 303, Hill View Apartment 206 Moore Avenue, Kowloon

Customer Service Manager Le Banquet Restaurant 193 Moore Avenue, Kowloon

8th September 20XX

Dear Sir / Madam.

I am writing to express my disappointment about

the unsatisfactory service provided by your restaurant on 7th September 20XX.

My family and I went to your restaurant at 7 pm to celebrate my mother's birthday. We ordered three vegetarian sets with starters and desserts.

Unfortunately, it took nearly an hour for your staff to serve the starters, though at first we thought it was understandable because there were so many customers. However, the staff then mixed up our meals. They served us non-vegetarian food for the main courses. When I asked about it, they started making excuses instead of serving us the right food.

Besides, we saw on the webpage of your restaurant that customers on their birthday would be offered a free birthday cake. The cake for my mother eventually arrived after a long wait, but it had already gone damp and stale. A staff member denied our request for a replacement, and even told us to go to another restaurant next time! My family were totally upset by what the staff members said and did.

Your service last night was not acceptable at all. For compensation, I am now asking for a full refund of the cost of the dinner (please see a copy of the receipt attached). Please follow up on this matter. I can be contacted at 9123 4567. Thank you for your attention.

A Light, Joyful Classic:

Cats

Each cat in this musical has its own character. The cat I love best is Grizabella. I am very impressed with her exquisite dancing and singing. The actress's impeccable performance has moved me deeply. To take the song Memory as an example I could feel the ups and downs Grizabella's life just by listening to it: the pain she has been suffering all the years, her regrets over the time she has lost, and her longing for returning home. These mixed emotions are presented so naturally that they have struck a chord with me. It inspired me with the thought that time is invaluable and should not be idled away. Cats is not only entertaining, but also filled with life philosophy. It says a lot about the human world, and gets the audience to think about how we should value our time. The actress's impeccable performance has moved me deeply To take the song <i>Memory</i> as an example, I could feel the ups and downs of Grizabella's life just by listening to it: the pain she has been suffering all the years, her regrets over the time she has lost, and her longing for returning home. These mixed emotions are presented so naturally that they have struck a chord with me. It inspired me with the thought that time is invaluable and should not be idled away. Cats is not only entertaining, but also filled with life philosophy. It says a lot about the human world, and gets the audience to think about how we should value our time. Debate Speech Text Type: **NSS Elective: Learning English through** Debating

Unit 10

Natalie is preparing a debate speech for her school debate team on the motion 'Zoos should be banned'. Fill in the blanks with the phrases and sentences mentioned in P. 176-177 to complete the text.

Good morning	judges, principal, teachers and fellow students			
The motion	n of today is	'Zoos should be banned'. A zoo		
is defined as	an enc	closed area where different wild animals are		
kept so that people can	go and look at them	n. Speaking on behalf of the affirmative team,		
I am for the motion bec	ause zoos are harmf	ful to animals.		
Firstly	, animals sho	ould not be taken away from their families		
in the wild to live in a fo		for the rest of their lives. Humans have no		
rights to deprive them o	of their freedom. Bes	sides, the living conditions in the zoos are		
often terrible. Being kep	ot in cages or other k	kinds of limited spaces, animals may develop		
mental and physical illn	iesses.			
Secondly, zoos are built	for exhibition and e	entertainment instead of animal protection.		
In many zoos, there are	performances, in wl	hich the animals have to do whatever their		
trainers tell them. While	trainers tell them. While audience are amused and impressed by the well-trained			
	animals, they fail to see the fact that these animals have behaved so well simply because			
they wish not to be pun	ished.	A recent study on animal		
behaviour	shows that	more than 50% of animals in zoos develop		
mental issues as they have been mistreated or beaten by their trainers. Therefore, it is				
extremely cruel to use a	nimals to provide er	ntertainment and make profits.		
Some people may claim	that zoos play an in	mportant role in wildlife conservation, and		
they help some of the en	ndangered species. I	However, the best way to save these animals		
is to protect their natura	al habitats in the firs	st place. When wild animals are taken away		
		y disturbed, not to mention the fact that some		
animals cannot be bred in an artificial environment. Some zoos even pay a large sum				
_		ecting and displaying something scarce and		
=	V/L 1	. In this case, wouldn't it be hypocritical and		
naïve to claim that zoos	are built to protect	wildlife?		
To conclude	, I think that	zoos are doing more harm than good to		
animals. Therefore, zoo	s should be banned	in our society, and today's motion must		
stand. Thank you!
