

### Answering Strategy

1. Text type and format – You are asked to write a blog entry. In a blog entry, the content should be in paragraphs, including an opening, a main body and a closing. Give a title to your entry. You may also include a date.
2. Genre – It is an expository and descriptive writing. You are expected to give relevant descriptions of the play, and describe how you think about the play and dating apps.
3. Language and formality – As the blog entry is supposed to be read by yourself and your friends, the use of language can be quite informal. Since you enjoyed the play and you are going to write about its good points, an easy and light-hearted tone can be used. As for the dating app part, the tone should be more serious as it is a real-life social issue.
4. Organisation – You should include the plot and setting of the play, as well as the performance of the actors, with your comments and feelings in a separate paragraph or right after the relevant descriptions. Topic sentences and supporting details should be included. You can use cohesive devices to link up the sentences and paragraphs to make the entry more organised.
5. Topic and vocabulary – The theme of this blog entry is a play about dating apps. You should have enough relevant ideas and vocabulary items for this topic. You can refer to the following for ideas and vocabulary items.
