A Wonderful Fund-raising Dinner

by Ron Tsang

The Children Performing Arts Club had its 18th annual fund-raising dinner on 7th August this year. As one of the members performing that night, I am very happy to share some memorable moments of the event with all of you.

Our Chairperson, Mr Pan, has joined our club for 13 years. He started organising the fund-raising dinner for the club four years ago. Every time he started the night with an inspiring speech. This time he talked about the importance of performing arts and how it can influence society and even change the world.

Next, we had three amazing performances by our members. The first one was a dance show by members from 4 to 8 years old. Then, we had a drama performance by senior members. When it was time for my team members and I to go onto the stage to perform our musical, my heart was beating very fast. Many parents, including mine, felt very pleased and proud when they saw their children show their talents on stage.

Before the dinner came to an end, Miss Lee, the vice chairperson, announced the amount of money each performance raised for our club. My team was **on cloud nine** when we found out our performance raised the most money. We cheered loudly and hugged one another. Miss Lee thanked everyone for their support of the club. She also said Mr Pan and she had been thinking of inviting past students to join the fund-raising dinner the following year.
